ANNUAL PREA REPORT AND ALLEGATION SUMMARY **2019**

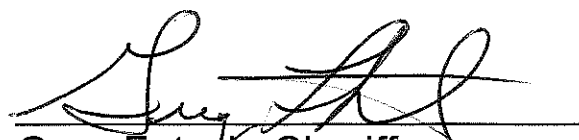

In 2019, The Cavalier County Sheriff's office Jail had a good year in our jail.

We had 21 male prisoners, and 1 female prisoner. The spent 568 days in the jail for a daily average of 1.56. 3 inmates were housed for more than 20 days, 9 inmates were housed for more than 72 hours, and our female was housed for 71 hours.

We again have a contract with LRCF in Devils Lake to take our females when we don't have female correctional officers working. Our staff continue to have monthly training bulletins through Lexipol as well as keeping up with all mandatory training, including PREA as well as med training.

We will be having our jail inspection done by ND DOCR in February and then PREA in June. We have contacted a PREA inspector to do that. We are happy to again say we have never had a PREA incident reported in our jail in the 35 years that I have been here.

We have a great staff at our jail and dispatch center, and everyone is on board to make our jail a safe and secure facility for our inmates and the community.
